

CUSTOMER MANAGEMENT RELATIONSHIP

Note :- The id is starting from 3 because for checking the working of my project I deleted two entries.

The below is a sample template of the main page.

Upon Click Add Customer button user will be redirected to a new form page, wherein the user will enter details and save.

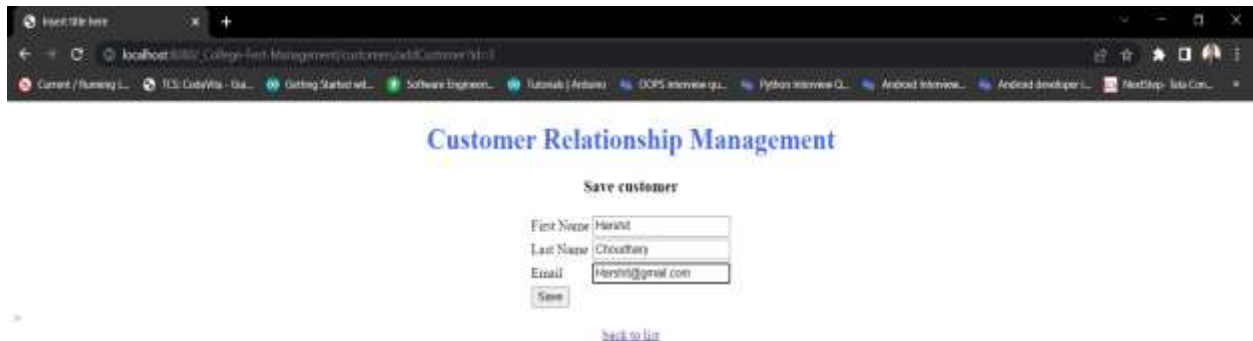

Updated list of customers after adding a new customer Pranav S.

#	First Name	Last Name	Email	Action
3	Harshal	Choudhary	Harshal@gmail.com	Update Delete
4	Aakrit	Garg	Aakrit@gmail.com	Update Delete
5	Monika	Sharma	Monika@gmail.com	Update Delete
6	Blavya	Shetty	Blavya@gmail.com	Update Delete
7	Pranav	S	pranav@gmail.com	Update Delete

Upon clicking the update button the user should be redirected to a new page which will consist of the form same as save page with pre populated data, after updating the details, upon click on save button, new data should persist in the database.
